

LARRY CAMPBELL AND TERESA WILLIAMS

SATURDAY EVENING HEADLINER

2021 CENTRAL OHIO FOLK FESTIVAL, SAT, MAY 22 (a Virtual Event)

*Americana Musical Duo
creating riveting, honest
emotion music*

LARRY CAMPBELL is a

talented multi-instrumentalist/
songwriter/vocalist, perhaps
most widely known as a
member of *Bob Dylan's* tour
band from 1997 to 2004.

He moves freely between folk,
blues, Americana, and country
utilizing a variety of
instruments: guitar, pedal
steel, dobro, fiddle, mandolin,
cittern, and banjo.

Following membership in
Dylan's tour band, he
collaborated musically with
countless artists as a co-
contributor, sideman, or
studio musician. A shortlist of
artists who've benefited from
both Larry and Teresa's
talents — live and in-studio
— reads like a Who's Who of
music icons: Emmylou
Harris, Phil Lesh, *Little Feat*,
Judy Collins, Richard
Shindell, *Hot Tuna*, Paul
Simon and Willie Nelson
amongst others.

The duo not only brings a lot to the table, they bring the table itself — plus the house, the still, the church, the sawdust-covered floor, and abiding, unconditional love, all carried in two voices harmonizing across hills, hollers, porches . . . Their close harmonies ride atop music made in a mountain refuge . . . connected to a spirit that lives on in song.

— Avalon Theatre, Easton, MD

For 7 years, he was also co-writer, collaborator, musical director and band leader for the *Levon Helm Band*, at the same time garnering 3 Grammys for Helm album productions. In 2008, he was awarded the “AMA Lifetime Achievement Award for Instrumentalist” by the Americana Music Association.

TERESA WILLIAMS is both a solo artist and part of the duo with her husband, Larry. Known for her warm, resonant alto and passion for roots music, Teresa is also an exceptional vocalist and actor known for her highly acclaimed roles as Sara Carter in *Keep On The Sunny Side* and the title

role in *Always...Patsy Cline* as well as serving as a stellar vocalist for Levon Helm, Emmylou Harris, Jackson Browne, Phil Lesh and Friends and Peter Wolf, to name just a few.

Larry says of the duo: “virtually everything we’ve done musically since I left Dylan’s band, we’ve been asked to do together: Levon, *Phil and Friends*, Jorma and Jack, *Little Feat*; we’ve done it all as a unit, a duo, and it’s great. It’s rewarding on a lot of levels. The way I see it, when Teresa and I are together, doing our material for people who come to see us, then everything I ever wanted out of life is pretty well complete.”

"The music Larry and Teresa make when they sing together is truly transcendent, with the blend of their voices on songs that are always deeply moving" - Emmylou Harris

"There is a feeling of being amongst friends that share the love for the heritage of great music. Larry and Teresa embody all that is natural and heartfelt. They sing with a passion that is at once timeless and fresh. They own this music and have an obvious deep respect for the roots from which it came." - Bill Payne of Little Feat
